Projects

DotLib - Curating the Best Courses for Effortless, Distraction-Free Learning

Feb'25

Dotlib is a course aggregation platform, it simplifies user's learning journey by curating the best courses from top platforms, saving you time, reducing stress, and helping you make informed choices—all in one place.

- User can search courses and Wishlist them for future reference.
- Responsive and minimal UI.

Connect – Learn Languages. Make Friends.

Feb'19

*Connect is a full-stack MERN app that bridges language learners worldwide. Meet native speakers and fellow learners to practice with through **real-time chat** and **video calls**—whether you're just starting out or sharpening fluency.*

- Global Language Exchange – Find and connect with users learning or fluent in the language you're interested in.
- Chat with your connections in real time or Practice speaking face-to-face with just one click.

Academic and Extracurricular Achievements

- **Event Head – Coding Competition, Inter-Collegiate Tech Fest**

March '25

Led the organization and execution of a competitive coding event during my college's tech fest, coordinating with multiple teams and overseeing event logistics. Gained valuable experience in team management, problem-solving, and leadership under pressure.

- **Top 15 Finalist – HackFest'25, NMAM Institute of Technology, Nitte**

April '25

Participated in a national-level hackathon with 60+ competing teams. Secured a spot in the top 15 and presented our innovative solution to a panel of judges, showcasing technical skills, teamwork, and creative problem-solving under time constraints.

Hobbies

- **Playing Chess**
- **Reading Non-fiction books**
